The fresh receipt of cattle today were limited but there were some of yesterday's supply on today's market. The market was fairly active and prices were some-what stronger. The sales were mostly on stockers and feeding steers which sold at very good figures. The market closed

There were nearly 2,000 hogs at the yards but several car loads arrived to late to be sold today. The market was ac-tive to the close and choice packing bogs were fully 7% to 10 cents higher than yesterday, several loads selling at \$3.55 and from that down to \$3.45. The difference in prices was owing entirely to the difference in the quality rather than to any decline in the market. A buyer for January 870% SHORT RIBS-September \$5.57% October \$5.70% one of the packers said he would gladly have paid the top for several loads more of choice hogs. Bulk of hogs sold in Kansas City today at \$3.50 to \$3.55 and closed steady. The Wichita hog market was certainly a bull market today according to that. The close was about steady.
